## SUMMARY

I am a passionate and enthusiastic BSc.CSIT graduate with over two years of experience in web development, coupled with a strong interest in computer science, web development, and programming. With excellent communication skills, I am committed to continuous learning and thrive in collaborative environments. Although my professional experience may be limited, I am eager to embrace new challenges and contribute positively to projects. I find great satisfaction in debugging code and am dedicated to expanding my knowledge. As an avid reader, I embrace intellectual curiosity and am driven by a commitment to excellence.

## EDUCATION

### Saraswati B.H.S School

Pass Out Year: 2017

Grade: A

### KIST College

Science Faculty

2017 – 2019

Grade: A

### Prime

Bachelor of Science in Computer Science and IT  
2019 – 2024

Grade: A

## TECHNICAL SKILLS

- Node
- Express
- Java
- SQL
- C++
- C#
- C
- JavaScript
- React

## CERTIFICATIONS

- Internship on Amnil Technology
- Project Management Training
- MERN Stack
- CISCO Cyber Security Course

## SOFT SKILLS

- Problem Solving
- Communication
- Adaptability
- Time Management
- Teamwork
- Attention to Detail
- Bike Riding

## PROJECTS

### Panoramer: Image Stitching

Final Year Project

- Utilized Algorithms like RANSAC, SIFT & Image Blending.
- Can take multiple images and stitch them to make it single image.
- Application: Medical, Space and Drone Technology.
- Used python Rest API, React, Tailwind.

### Ecommerce Website (Dynamic)

- Developed an E-commerce website utilizing PHP for Backend and React for Front End.
- Implemented comprehensive shopping cart features to enhance user experience and streamline purchasing process.
- Integrated Khalti payment gateway and eSewa for secure and efficient checkout process.
